Chapter 1 by Maddiepuppy5

"Stella, it's time to get up."

I open my eyes and get out of bed, brush my teeth and walk into my closet. When I wake up, it is easy as pie.

My closet is huge and full of expensive and beautiful clothes. I look at the dresses and pick a long pink one with no straps and a bejeweled band. I put it on and then go to the shoes. I pick pink stilettos with a bow on them. Then my favorite part, jewelry. I put on a diamond neckless and two golden bracelets.

"Two the dinning hall!" I exclaim.

When I get ti the hall I see I have visitors. My guardian, Ms. Feria is siting with them. I sit down.

"Stella," Ms. Feria says, "These two young lands brought you here. These are my sisters. Also your guardians."

"Ok?" I say. "Anything else?"

"Yes, lots more."

"Stella," Says one of Ms. Feria sister says. I look up at her. "Did you just get an image?"

"Yes, how did you know?"

"Thats what we are here to talk about." The other sister speaks.

"That image was the past."

"What?" I say surprised.

"Yes." All of theme sighs and the other sister continues. " Along time ago a beautiful queen of Sequina gave birth to a beautiful young baby girl, they named her Stella. Soon after that birth there enemy came, Lord Dusk. He trough down lightning. He say you and cast one right at your neck. But your father jumped in the way, and part of his armor cut you."

I looked at the scar on my neck.

"But your father is ok. Your mother told us to take you away and make sure never to tell you the truth until you were 15."

"This all makes sense!"

"Yes but there is more. Remember those storms you were scared of when you were young?"

"Yes, we still get them."

"That is Lord Dusik, looking for you and causing harm to your town. Me and Luna defend this place and make sure he never finds you. Oh yes, my name is Star and Ms. Ferias first name in sun."

All of a sudden there was a lightning cras and the sky turned black.

"Stella, I've been looking for you for a long time!"
